Advance-Nilfisk Parts - Think about how long and tedious it would actually be to clean-up after a party, without assistance from equipment. Previously, the dust from carpets and upholstery had to be beat out of them by hand; brooms, brushes and cleaning cloths were the top cleaning products back then.

The founder of Nilfisk-Advance, P.A. Fisker, started as an electrical engineer who really liked to work on electrical motors. After establishing his company during the year 1906, he began to make motors to drive coffee grinders, fans, machine tools and drills. Mr. Fisker's dream from the start was to have a global business advertising merchandise internationally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning industry. Mr. Fisker invented a incredible, ground breaking vacuum cleaner which could be operated by a single individual because it only weighed 17.5 kilos! This invention came in a time where various cleaning machines were very big and required at least 4 operators, therefore, the Nilfisk C1 transformed everything and evolved the manner we clean forever. The genius behind these very first cleaning equipment remains unparalleled. Cleaning equipment provide an excellent solution to an existing crisis; stuff get dirty and should be cleaned regularly, without too much effort.

Slowly, the company Nilfisk-Advance grew throughout the years. During the early 1980's the company developed fast when the company became a part of the NKT Group. With new owners on board, they focused on driving Nilfisk-Advance forward within the trade, aspiring to be an active international player in manufacturing professional cleaning machines. Nilfisk-Advance is currently represented in all parts of the globe by steadily obtaining lots of small businesses in order to expand their product selection and presence in new markets. They are really proud to provide a range of cleaning solutions to meet every need.
